- Open discussion regarding long-term plan for the pond as it relates to the purpose statement
  - Must create public awareness and support to "save" Dewey's Mill Pond
- Learn from Vt State officials the relationship between State/Federal and permitting processes
  - The US Army Corps at this point in time does not want anything to do with the pond

We need full attendance at the next steering committee meeting (Thursday, Oct 22) to plan our strategies to create a message to the public of the urgent need to mobilize the local support to "save" Dewey's Mill pond. Please, I have sent this email out to more folks, other than the people on the Steering Committee, in hopes you'll attend to support the efforts of planning the local support.

**Next meeting is set for Thursday, October 22 at 4PM at the Hartford Town Hall first floor RM 2**
